EC CERTIFICATE OF FACTORY PRODUCTION CONTROL 1488-CPD-0330/Z

In compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as later amended, it has been stated that the construction product

MDD-S

Nailed in-plastic anchors for fixing of external thermal insulation composite systems with rendering in concrete and masonry

The anchors are to be used only as multiple fixing for the anchorage of bonded thermal insulation composite systems (ETICS) according to ETAG 004. The base material shall consist of reinforced or unreinforced normal weight concrete of strength class C12/15 at minimum and C50/60 at maximum according to EN 206-1:2000-12 and of masonry walls according to Annex 4, Table 4 of the ETA-13/0727.

placed on the market by

MUNGO Befestigungstechnik AG
Bornfeldstrasse 2
4603 Olten
Switzerland

and produced in the factory

48-084

is submitted by the manufacturer to the initial type-testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 1488 - Building Research Institute - has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in the ETA

ETA-13/0727

were applied. For detailed information in relation to the performance characteristics of the product, the ETA itself, mentioned above, should be consulted.

This certificate was first issued on 28.06.2013 and remains valid until 18.04.2018 provided that the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.
